"Trade where the Trading's Good."

The quality of your ammunition is important—What we sell is guaranteed by the makers—and by ourselves.

We love guns and hunting, and we shoot what we sell—and sell what we shoot.

Our stock of shooting goods is checked up every morning, and during the next two months we expect to promptly and satisfactorily handle the surprisingly large shooting goods trade that is coming to this store.

Remember our prices and ranges.

Single barrel hammer guns from \$6.00 to \$11.00
Repeating shot guns from \$25.00 to \$32.50
Double barrel hammer guns from \$10.00 to \$25.00
Double barrel hammerless guns from \$18.00 to \$80.00

EASTERN STAR GRAND CHAPTER OF ALBERTA

Session In Red Deer

Venus Chapter No. 2, Red Deer Order of the Eastern Star, last week entertained the first annual session of the Grand Chapter of Alberta, the first grand chapter to be organized in Canada. The preparations made were complete and the visitors were greatly impressed with the reception accorded them. Their visit was an event of some importance to the town. His worship the mayor welcomed the visitors to Red Deer. Bro. Springett, master of Red Deer lodge, and Bro. Coote, master of Kenilworth lodge, also extended a welcome to the members. Mrs. Duff, the grand worthy matron; Colonel Armstrong of Calgary, and Mr. Nichol, merchant, of Killam, responded for the chapter.

Provincial reports on the twelve chapters already formed, with others in prospect, were submitted. Constitution and by-laws were discussed, and slight changes made. The following officers were elected: Grand Matron—Mrs. J. Duff, Killam. Grand Patron—Mr. S. J. Blair, Calgary.

Assistant Grand Matron—Mrs. Bruce, Lacombe. Assistant Grand Patron—P. Duggan, Red Deer. Grand Secretary—Mr. Zwerner, Calgary.

Grand Treasurer—Mrs. Beveridge, Calgary. Grand Conductress—Mrs. Laflerty, Lethbridge.

Assistant Grand Conductress—Mrs. Kenney, Wainwright. Grand Adm.—Mrs. Johnson, Olds. Grand Ruth—Mrs. Macdonald, Killam. Grand Esther—Mrs. Adamson, Calgary.

Grand Martha—Mrs. J. G. Tipton, Edmonton. Grand Electa—Mrs. Gould, High River.

Grand Marshal—Miss Hill, Calgary. Grand Ward—Mrs. Mitchell, Alx. Grand Sentinel—Mr. Finch, Calgary. Grand Chaplain—Mrs. Pidgeon, Red Deer.

Delegates present were: Olds—J. Duff, Mrs. Hamilton, Mrs. Walkley, Miss Klein.

Red Deer—Walter Trump, Miss McKinnon, Mrs. Macdonald, Mrs. Stone, Mrs. Alford, Mrs. Trump, Mrs. Cornett, Mrs. Malcolm, Mrs. B. F. Miller, Miss Pidgeon, Miss Lund, Mrs. Luthert.

Calgary—Miss Grierson, Mrs. Blair, Mrs. MacLaren, Mrs. Robie, Mrs. Lodge, Mrs. Campbell, Mrs. Zwerner, Colonel Armstrong, Mr. Sander, Mrs. Franks, Mr. South.

Lacombe—Mrs. Sherrer, Mrs. Tisworth, Mrs. Young, Mrs. Gottschalk, Wainwright—Mrs. Lally.

Killam—Mr. and Mrs. Nichol. Alx.—Mr. Mitchell.

Edmonton South—Mr. Christie, Mrs. Carter, Mrs. Heisel, Mrs. W. Thibon, Mrs. Brick.

Officers of Venus Chapter, No. 2, 1912.

Worthy Matron—Mrs. Pettether. Worthy Patron—Walter E. Trump. Associate Matron—Miss Isabelle McKinnon.

Secretary—Mrs. Alford. Treasurer—Mrs. Clutterbuck. Conductress—Miss Lund. Associate Conductress—Mrs. Ruthert.

Adm.—Miss Pidgeon. Ruth—Mrs. J. F. Millar. Esther—Miss Day.

Martha—Mrs. Springbett. Electa—Mrs. Stone. Sentinel—Mr. Clare Stone. Warder—Mrs. F. Krause.

Chaplain—Mr. Pidgeon. Marshal—Mrs. Trump. Organist—Mrs. Malcolm.

The banquet tendered the visitors was superb, and reflects great credit on the local lodge, surpassing anything of the kind ever held in town. Wednesday evening there was a reception and dance in the Oddfellows' Hall, which was well attended, and a most interesting and pleasant time was indulged in by a large number of invited guests, as well as the delegates. Mr. Welton furnished the music.

The Pollards

Standard comic operas and new musical comedies are still the order of the Pollards. "The Mikado," "The Toy Maker," and other equally famous pieces will be given, better than ever before, and among the new offerings there will be a genuinely new musical comedy, "Sergeant Brue," in which the company has scored heavily in the opening performances of the present tour. "Sergeant Brue" is American in its theme, and mixes politics and police business in a rarely funny plot. It is full of specialties which show all the cleverest members of the company at their very best in their different lines of singing, dancing, comedy and mimicry. "Sergeant Brue" will be played at the Lyric Theatre, Monday, October 14, by the Pollard Opera Co. of 40 people. This company requires and uses two private cars.

THANKSGIVING TO BE OBSERVED 28.

A proclamation has been issued by the Dominion Government fixing Monday, Oct. 28th, as a public holiday and day for general thanksgiving throughout Canada for the bounteous mercies of the past year.

E. MICHENER RETURNS

E. Michener, M.P.P., and Mrs. Michener returned from their trip to the east on Sunday last. While in the east Mr. Michener had an interview with Mr. Borden on the question of our natural resources, asking for an investigation into private companies holding coal lands and timber limits, and where possible to have same returned to the province. A great deal of timber and coal lands are held by private speculators, secured for a few dollars for parties to the province. Especially in this case with timber, where the Huron interests are concerned, to the great detriment of the province. Not only this, but the province is being put to the test of constructing railways that will make these timber areas worth millions of dollars. Mr. Michener contends these timber limits should be owned by the province to help pay of the enormous debt now carried by the province. Mr. Hoadley, M.P.P. for Okotoks, accompanied Mr. Michener, and they had an interview with Sir James Whitney, Premier of Ontario. They were getting some pointers from Sir James with regard to running a pure administration in Alberta, as Mr. Michener may be called on within a few months to form a Liberal-Conservative government in this province.

Real Estate Deals

Bowbey & Raney put through a deal with a Vancouver firm for James Bower's homestead of about 125 acres, last week. The price realized was \$36,000, or nearly \$300 per acre.

Latimer & Botterill report having sold 80 acres of Rose Bank acreage as an Okotoks syndicate, and it is their intention to have the brush immediately cleaned off and the land sold in five and ten acre blocks.

One of the largest third hand deals has been put through by this firm in the last thirty days, totalling over \$100,000. Vancouver real estate operators continue their great faith in Red Deer subdivision property. They have bought several big blocks south of town, and now the Root Realty Co. and the Franklin Realty Co. have purchased, through Bowbey & Raney, Mr. A. M. Blane, junior's, quarter, one mile north of the Alberta Pacific Elevator Co.'s mill, at \$125 per acre.

Young Men's Club

The Young Men's Club met at the Methodist church school room on Monday last week to reorganize for the season. There was a splendid attendance, and the interest manifested speaks well for a most successful season.

The following officers were elected: Hon. Presidents—E. Michener, M.P.P., Rev. E. Pearson. President—H. H. Gaetz. 1st Vice-President—E. M. Wilson. 2nd Vice-President—H. Wallace. 3rd Vice-President—L. J. Porter. 4th Vice-President—E. G. Johns. Secretary—C. G. Marke. Treasurer—J. E. Welton.

Mr. Hutchings was appointed physical director; Messrs. H. Meeres, A. A. Wilson, J. Hutchings, C. G. Marke and J. E. Welton membership committee; and E. G. Johns and F. Turnbull the leaders in the Mock Parliament, which will be held the first and third Thursdays of the month.

Eckville

Harold Furhan is visiting his brother, O. M. Furhan, and renewing old acquaintances. It. Palmer has opened up a blacksmith shop on Railway Ave. Mr. Scully, Presbyterian steno-grapher, was a visitor here last week. He takes over the Ladiesville district for the winter.

A. Litt, organizer of the Co-operative Store, is well satisfied with the response to the call for funds. He says many from outlying districts have taken up shares.

Some consternation was caused by the six L.N.H.I. being painted on the business premises of one of our most bustling citizens. All fear of the yellow terror was removed when later the sign read LUNCHES.

See our window for fall caps. All styles at popular prices.—Brown & Fulton's.

Help the Hospital and go to the Stampede in the new Town Hall Thursday and Friday afternoon and evening. Admission 10 cents.

Fancy goods and notions at John McVicar's bookstore. A large shipment of Xmas goods and sleighs on the way from Toronto.

THE MISSION OF HELP

The mission of help, held in St. Luke's Church the past week, and which closed with the Sunday evening service, was most successful, the services during the week being well attended and the church being packed to the doors Sunday night with a sympathetic and highly appreciative congregation to hear the burning words flow from the lips of the devoted missionary, Rev. W. Guy Pearce.

The mission is the result of an effort designed by the Anglican Church in the West, between the Great Lakes and the Rockies, to deepen the spiritual life of all its members, both lay and ordained, and the result in Red Deer was amazing, as almost the entire congregation Friday night went forward to renew their baptismal vows.

The services were purely evangelical and similar services are being held in every important centre of the west. The missionary, Sunday evening, first reviewed the work of the previous week, step by step—What we are; what we are placed on the earth for; our duty to God and our duty to mankind. In simple but forcible language he impressed on his hearers the truth of the Christian religion. After the singing of a hymn, he took up the ten commandments, and touched briefly on each. We must serve one God. Our idols need not be idols of clay or stone. We must not murder. We must not steal or murder. To lead an innocent child to sin might murder the soul. Our lives were like a sensitive negative in a camera. While we lived the cap was off; when we died the cap was on the camera and our whole life would be revealed to us on the scroll at the judgment. We would need no judge to judge us when we saw that record. He spoke of the life after death and before the final judgment. He thought those who had gone before were allowed to pray for us. He instanced the parable of the rich man who prayed Father Abraham to allow the poor man to cool his tongue. But Abraham replied "Son, remember." He spoke also of the saints before the throne crying out, "How Long, O Lord," as instances that might lead to this conclusion.

The speaker closed with an exhortation to all present to keep God's law, and to remain committed until their life's end, when there would be found laid up for them a crown of righteousness and joy for evermore. One of the pleasant features of the mission was the number of people from other congregations who took part in the services, showing that to most in life there is very little difference between those who really desire to serve.

Deceased resided at Pashin, Ont., where his wife died some twenty years ago. He then moved to Alberta, taking up land in Ridgewood district. He leaves a sister, Mrs. Angus Martin, a brother, Alex. Kennedy, and three children, Lachlan, residing in Red Deer, Mrs. John Bickley, and John, residing in Australia, to mention life there is very little difference between those who really desire to serve.

The Late John Kennedy

John Kennedy, one of the old timers of Ridgewood, passed away at his son's residence, Lachlan Kennedy, on Wednesday last, aged 63 years. The funeral on Friday afternoon to the Red Deer Cemetery was largely attended. Rev. Mr. Brown conducted the service.

Deceased resided at Pashin, Ont., where his wife died some twenty years ago. He then moved to Alberta, taking up land in Ridgewood district. He leaves a sister, Mrs. Angus Martin, a brother, Alex. Kennedy, and three children, Lachlan, residing in Red Deer, Mrs. John Bickley, and John, residing in Australia, to mention life there is very little difference between those who really desire to serve.

The sympathy of a large number of friends goes out to the sorrowing relatives in their bereavement.

The Stampede

The great Stampede by the Hospital Ladies' Aid is on to-morrow and Friday. Broncho busting and wild scenes of joy are on the programme. Harry Webb, Weary Willie and P. E. Kent will be there. It will be worth five cents to see them show their wild side. Wild men and wild men of the west will take part, and a great tall man, so tall that he had to go down into a hole to take off his boots, has been secured. Don't miss it.

Police Court News

Pearl Banks, colored, was up before Justice Wallace on remand Thursday for keeping a disorderly house. Fined \$10 and costs and to get out of town in an hour. She did it.

N. Johnson was fined \$10 and costs or 28 days for drunk and furious driving. Two other drunks were run in, but let out with a caution on promise to behave.

BIRTH

In Red Deer, on Sunday, Oct. 6th, to Mr. and Mrs. W. H. Plaxton, a daughter.

Born, to Mr. and Mrs. W. Gen. Red Deer, Monday, September 30th, a daughter.

RED DEER, ALBERTA

Offers Fortune To The Stock Raiser

Canadian Northwest Needs Men Who Can Handle The
Cattle and Live Stock Industry.

LAND GOOD FOR TRADE

Natural Growths Almost Enough Without The Aid of
Crops Which Are Ready.

(By John Arlath)

The one big opportunity in western Canada is to be found in the cattle and live stock industries. Yet it is a singular fact that both of these industries, in the face of all natural advantages and a constantly growing cash market, are failing to receive their rightful attention.

The reason, of course, is that the big profits in grain growing—as in all newly developed countries—have monopolized the attention of the farmer to the exclusion of the even greater profits that exist for the scientific agriculturist who will turn his corn, his barley, and his other valuable animal foods into the profitable, manufactured article—the hog, the cow, and the sheep.

No one travelling through Western Canada could fail to be impressed by the splendid natural advantages that the country offers for successful animal husbandry. The splendid native grasses, the good grain, the favorable conditions for the growth of alfalfa and other clovers, peas, vetches, and barleys, together with the abundance of water, all help to make certain sections ideal for the live stock industry.

CATTLE TO REPLACE BUFFALO

Especially was this fact brought home to me when, on a recent trip through the Caribou river country, and the Shillbrook district, I noted the rare combination of grazing and farming lands that exist in these sections—where in time gone—million of buffaloes thrived under these natural advantages.

The conditions of the live stock industry in Manitoba to some extent include the whole Canadian west, as up to the present time Winnipeg has been the largest sorting and distributing market, and the point at which all stock intended for export has been concentrated. And to a large extent Winnipeg has made the live stock prices.

The cattle industry in the west is passing through a transitory period. The day of the large ranch is nearly a thing of the past. There are still a few ranches in Alberta that run up to 25,000 to 30,000 head but they are relatively small. As a matter of fact, the Canadian west is short of cattle in the range country. So much so, indeed, that more than one ranch is considering the advisability of bringing in Mexican cowboys which, being crossed with high class pure bred bulls, in time gave excellent results.

GAIN IN LIVE STOCK EXPORTS

The live stock export of Western Canada has declined for the last three years steadily. This fact, however, gives no reason it should not increase its future of cattle. The cattle of the future will be largely raised on grain, or possibly smaller stock farms, and it will take many years of breeding in this way to overstock the market. The supply of the need for feeding stock, which is on the increase in Ontario.

In addition to this the province of Alberta has a steadily growing cattle market for the year, which has for its centres Winnipeg, Regina and Calgary. During the year 1911 almost 25,000 head of cattle were shipped from Alberta to British Columbia and the Yukon.

The Winnipeg market for butcher cattle has likewise consumed in the last years on an average about 65,000 head, and 200,000 pounds of dressed beef had to be brought in from Ontario to meet the demand of the market. The whole domestic market of the west, which has for its centres Winnipeg, Regina and Calgary, is a constantly growing one and has never yet been adequately supplied with finished cattle or with choice well fed veal.

FORCED TO IMPORT CATTLE

In 1910 the Canadian west supplied to eastern Canada, mainly Ontario, 31,000 head of feeders and 40,000 head of butcher cattle. In 1911 the shipments of feeders to the east dropped to 5,400 and butcher cattle to 16,775. This was not occasioned by a lack of demand from the east, but by the actual lack of cattle, particularly butcher cattle, suitable to the requirements of the eastern market.

The lack of finish to western butcher cattle is indicated by the fact that, while the average weight of the cattle for the year was considerably in excess of that of 1910, the dressing out weight showed an improvement of only three-fourths pound. While the average price of butchers' cattle at Winnipeg for 1911 was \$1.96 per hundred weight, the price in March, April and June, when the winter fed stock is principally marketed, ran as high as \$5.91—the highest price in butchers' cattle in five years. The advance in the average price for the five years has been from \$3.91 in 1907 to \$4.16 in 1911.

And while the average dressing out weight for the whole year was 551 per cent., the dressing out weight of the winter fed stock was 581 per cent.

WINTER FEEDING IS SIMPLE

That there is no difficulty in winter feeding, even in the open, has been demonstrated time and again. It also has been fully demonstrated that alfalfa can be grown in all of the three prairie provinces, and that

is perfectly safe to reckon on two cuttings a year, with an average of three tons to the acre.

Manitoba at year produced nearly 9,000 acres of fodder corn, with an average of between seven and eight tons to the acre of dry fodder, and, owing to the coolness, it was not an especially favorable year. Manitoba was further, however, in corn production, and I have seen a much easier case of corn matured in perhaps one of the most unfavorable seasons for corn production that it could have been possible to conceive. Out shavers, which are regarded by western feeders as worth as much as timothy for feeding stock, and even better for milk cows, can be raised with ease and yield from three to four tons to the acre. Of course, the abundance of coarse grains and small wheat for making into meals is too well authenticated to require more than passing mention.

The Canadian west, however, has been doing well in root growing and has enormously increased its average in roots during the last year, though the acreage for the three provinces, at present is a little under 30,000 acres. Yet even on this small acre the crop produced as valued at very early \$3,000,000.

HOG RAISING

OFFERS FORTUNE.

The same opportunities that are being neglected in cattle raising are also in the other branches of animal husbandry. In the matter of hogs, for instance, Western Canada is facing today a condition almost without parallel, being forced to import most of its bacon and ham from long distances notwithstanding the fact that no better hog raising conditions could possibly exist than in Western Canada itself.

An interesting side light on this fact is shown by the receipts at the Winnipeg market during the last four years. The total receipts of hogs on the Winnipeg market for the year 1911 were \$5,500,000; in 1908 the receipts were \$4,500,000; in 1909, \$28,000,000; in 1910, \$1,000,000; showing that there has been a steady decline in the number of hogs raised. Of the \$5,500,000 in 1911, \$376 came from east in Canada.

Winnipeg has a total packing capacity of 450,000 hogs yearly, or a total daily packing capacity of 1,500. And received only an average of 266 hogs. Out of these there had to be sent a certain percentage for fresh meat.

IMPORTS OF HOG PRODUCTS.

That the packing capacity is by no means too large for the requirements of the trade is indicated by the fact that during the year 1911 there were imported into Winnipeg for distribution in that city and western points 6,044,157 pounds of ham and bacon, 1,008,500 pounds of lard, and over 500,000 pounds of dressed pork, fresh.

Of the hams and bacon, a little over 2,000,000 pounds came from Ontario, and the rest came from the United States and paid duty. There was also a large percentage of the lard brought in from the United States. Fifteen cents would be a conservative estimate of the price of this meat brought in; and the lard, at cents a pound. This would give us one day for bacon, hams, and lard which certainly might have been produced in the Canadian west, at \$1,000,000.

The average price for hogs on foot at Winnipeg for the last five years has been excellent. In 1907 it was \$7.19; in 1908, \$5.69; in 1909, \$7.35; in 1910, \$9.07; in 1911, \$7.71. A Canadian west has enjoyed excellent wealth for its hogs; and there is no difficulty in raising barley, which is the best staple for hog feeding, though a mixture of all coarse grains is perhaps cheaper and more satisfactory. Alfalfa will also play a part in the hog raising of the future.

SHEEP GIVE GOOD CHANCE.

And what is true of hogs is true of sheep. No country could be better fitted for sheep raising, and numerous successes already have been made, and yet Western Canada imports today much of its mutton from points as far distant as Australia.

There were sold on the Winnipeg market during 1911 43,614 sheep, and of these over 17,000 came from the south, St. Paul and Montana. The Canadian west, at three of its ports of entry—Emerson, Gretna and Morse, Alberta—received altogether 33,498 American sheep for the year ending 1911. In addition to the sheep brought in on the hoof there were a million pounds of dressed mutton received from Prince Edward Island, Ontario, and considerable from the United States.

As the average weight of the sheep for the year was ninety-five pounds, this would mean an additional 1,000 sheep, making the receipts of sheep from Eastern Canada and the United States \$4,500,000. There has been much talk of the difficulty of raising sheep, owing to the attacks of wolves, but this is no longer an excuse for not raising them. A corral that will hold a flock of from 100 to 200 can readily be constructed of suitable wire fencing, two widths of fencing with the top wire turned outward. This absolutely precludes the possibility of wolves getting in; and there are a number of wolf farmers, both in Manitoba and Saskatchewan, who

are now running flocks of from 100 to 300 on their farms.

PROFITS IN HORSE RAISING.

The raising of horses has been giving increasing attention, but there is also a profitable opportunity of rare scope exists, for the market is woefully unsupplied.

The horse bill for the Canadian west for 1911 through Winnipeg was a little over \$7,000,000, and the bulk of this money went to Ontario, though there were between 4,000 and 5,000 head of draft horses brought in from the United States. These figures, of course, take no account of horses brought in with settlers' effects.

Though this bill looks enormous, it is an improvement on that of 1910, when the west spent over \$10,000,000 for horses. There has been a good deal of conjecture that the decline in the number of horses from 33,000 head in 1910 to 26,000 head in 1911 was due to the increased number of agricultural tractors used, the horse power of the agricultural tractors sold being, roughly, 100,000. While there is no doubt that the sale of agricultural tractors has meant their substituting horses on some farms, the difference between the numbers of 1910 and 1911 is not wholly accounted for in that way.

Eckville

The representative of Messrs. Gaetz & Gaetz, Red Deer, was in town last week.

Mr. Palmer has his blacksmith shop completed, and when he gets a few fittings in will be ready for business.

Mr. Bagley and Mr. Frank Michener, of Red Deer, have been buying cattle in the district. Prices for all classes of cattle range high.

Messrs. Bagley & Sons are loading their lumber on the cars here for shipping.

The Eckville and Glibby Co-operative Co., Ltd., give notice of a public meeting to be held in the school house (old Eckville) on Wednesday, October 9th, at 3 o'clock. All interested are invited.

Dr. Evans has been attending the infant son of Mr. Hansen, who had a toe shot off by accident.

Leslieville

Miss Beatrice Foreman, who has been visiting Mrs. W. McKinnon at Sylvan Lake, returned home last week.

Mr. and Mrs. Thomson and Mr. Charlie Thomson have gone to B.C. for the winter.

Herb Foreman and Ted Esson have gone to Castor with a threshing gang.

James Black and daughter Grace were visiting in Red Deer this week.

Miss Lulu Card, who has been holidaying in Red Deer, came home Monday.

Fred McNeil returned home on Monday.

Some of Leslieville's best talent visited the Mountain House people at a church concert last week. The Mountain House people entertained them to a chicken supper.

At Rosedale Farm, on Sunday, the 2nd of September, to Mr. and Mrs. Angus Martin, a daughter.

Among the visitors last week were Archie and John Martin, of Lake Louise, and Mr. and Mrs. H. M. Croswell, Sherbrooke, Quebec; Mr. and Mrs. Ed. Good, Mountain House.

Wrecked Cars Burn; Seven Lives Lost.

Westport, Conn., Oct. 4.—The Springfield Express, second class, leaving from Hartford to New York, was wrecked west of this station yesterday afternoon, when the engine, driven at high speed, failed to take a crossover from one track to another.

The train went into the ditch alongside the tracks, and the four Pullman which followed the mail baggage cars were completely demolished. The wreckage took fire, adding to the horror of the scene.

Seven lives in all were lost, five of these being women who were passengers in the Pullman coach, which had to bear the brunt of the shock, and the others being the engine crew.

WOMEN'S BEAUTY

It Can Never Be Perfect Without Luxuriant Hair.

A head of luxuriant hair is sure to attract attention. But nature has not endowed every woman with glorious hair. Some very lovable women have treated rather scantily in this respect.

For instance, there are tens of thousands of women in Canada today, who have harsh, faded and lusterless hair, who are unattractive simply because they do not know that nowadays even the whims of nature can be overruled by the genius of science.

If you are a woman without beautiful hair, do not permit your attractions to be hidden because of this slight misfortune. Go today to Gaetz-Cornett Drug & Book Co. and buy a large bottle of Parisian Sage for 70 cents, use it each night, and you will see the harsh, repulsive hair disappear, and in its place will come soft, silky, bright and luxuriant hair.

Parisian Sage is guaranteed by Gaetz-Cornett Drug & Book Co. to cure dandruff, itching of the scalp, and stop falling hair in two weeks, or money back.

Best Store For Men's Wear

OUR PRICES this year are lower than ever, and will compare with the biggest stores in the East.

OUR STOCK is bigger and better, and chosen with scrupulous care.

WE GUARANTEE OUR GOODS and do business in a money back if you want it policy.

It will pay you to trade HERE---Watch our Windows

Our New Ties Are Now In

And very special prices prevail, regular 65c. values for 50c. The old Paisley pattern of grandmothers time is back with us again; in dark green, golden brown, and electric blue, it makes a very pretty tie. Then there is the novelty diagonal stripe in many new effects, and the ever popular plain poplin in every

color and width. We have the tie you want, why not come and get it? BE SURE TO COME EARLY

See our Work Shirts and Strong Work Gloves.

STANFIELD'S UNDERWEAR

In Red and Blue labels, at 250 and 300 a suit; the same price as you pay in the East.

Stanfield's in a very fine weave at 3.50 a suit, in all sizes

for Men and Boys

SETTLE THE GERMAN PERIL.

If Great Britain wants to knock the German threatened invasion into a cocked hat, all she has to do is to impose a protective duty of 25 per cent. on all goods coming into the country, and the slump in German factories, now supplanting the said British market, would be so great that many of them would be closed, as they at present, while protected themselves. Life entirely British trade. The same action would stimulate a corresponding activity in the Mother Land that it would be impossible to estimate the resultant good throughout the country, as many industries, at the present time closed, would soon be in full blast again to supply the protected home market. The experiment is worth trying.

BORDEN GOVERNMENT MAKING GOOD

A Treasury paper, under the heading "Liquor is overflowing: millions of dollars are accumulating in Canada's strong box," says that the Dominion financial statement for the past six months, made available last Friday, shows a total revenue of \$81,278,650, an increase of no less than \$17,309,136 as compared with the corresponding period last year. The increase averages nearly three millions per month and is the largest on record for any half year in the history of the Dominion. The growth of the imports with consequent increase in the customs revenue accounts for the greater part of the total gain. For the six months the customs receipts totaled \$26,455,196, a gain of \$14,170,601 over last year. Excise revenue totaled \$10,182,014, a gain of about one and one-third millions. Post office revenue increased by \$600,000. The net debt of the Dominion at the end of September was \$313,508,376, a decrease of \$3,016,796 during the month and a decrease of over ten millions as compared with the debt September 30, last year.

In the face of these facts, how is it possible for the poor deluded, blind and Liberal papers to find fault with the Borden government, which is doing so well in the management of the ship of state?

And how can they ask the people of Canada to turn out a government that reduces the public debt of the country the first year they are in power by over ten million dollars?

THE MILLS OF THE GODS STILL GRINDING

The latest comes from Woodrow Wilson, who is running for President of the United States in the interest of the Democratic party. He admits he could not answer Canadian armaments against reciprocity.

The following is the Democratic side of it:
New Haven, Conn., Sept. 28. (Special.)—Mr. Woodrow Wilson, Democratic candidate for the Presidency, in his speech here made a remarkably frank acknowledgment that the reciprocity agreement would have been injurious to Canada. He said:

"I was very much interested in some of the reasons given by our friends across the Canadian border for being very shy about the reciprocity arrangements. They said, 'We were not sure where these arrangements would lead, and we don't care to associate too closely with

the economic conditions of the United States until those conditions are as modern as ours.'

"When I presented this and asked for particulars I HAD TO RETIRE FROM THE DEBATE, BECAUSE I FOUND THAT THEY HAD ADJUSTED THEIR ECONOMIC DEVELOPMENT TO CONDITIONS WHICH WE HAD NOT YET FOUND A WAY TO MEET IN THE UNITED STATES."

Below is a portion of a special dispatch that appeared on April 26th last, showing the Republican side:
Boston, Mass., April 26.—(Special.)—President Taft made public a letter to Mr. Roosevelt in which he stated that the trade arrangement would make Canada only an adjunct of the United States. "It would transfer all their important business to Chicago and New York with their bank credits and everything else, and it would increase greatly the demand of Canada for our manufactures. I see this is an argument against reciprocity made in Canada, and I think it is a good one."

BETWEEN OURSELVES.

(By Acadia)
The winter season is putting out its signs and portents: the frost is on the "pumpkin" and the Lodges, the Young Men's Club, the Mock Parliament, the Churches and their various societies are getting the machinery of organization in order for the winter's work. There cannot be too many agencies at work for the education, the entertainment and the uplifting of the people. Red Deer enjoys an enviable reputation for high class citizenship, for intelligence and for its spirit of civic aggressiveness, and the churches and their various societies contribute not little stimulus to the best elements of the life and character of the community.

Red Deer is minus in one particular in proportion to its size in comparison with many other towns and cities in Western Canada, and that is its church attendance. Coming from New England, after many years of residence in parts where the church is elite and the attendance scanty, it was a delight as well as a source of surprise to find Canadian churches in places like Regina, Saskatoon, Moose Jaw and Calgary so well attended. Red Deer does not offer the precedent, which fact we much regret. Perhaps we are judging mostly of summer attendance, or of morning congregations, but this is our general opinion.

No less notable than the excellent church attendance in Canadian towns and cities is the absence of sensa-tionalism and dogma from the pulpit. Sensationalism has advanced in America while doctrinal preaching has receded, the one having become a substitute for the other, as well as a device to hold a dwindling audience or to attract a non-church-going population. If the old dogmas have disappeared from British pulpits, a healthy, spiritual influence, a clean moral outlook and a bright type of scholarship have succeeded, and these are reflected in the preaching to which we listen in Red Deer. The solemnity of the relation of the church to the people at large remains one of the great unsolved problems of our age, and it is not likely to be solved until preachers themselves have decided whether evangelical doctrine is fundamentally right or fundamentally wrong.

A week or two ago we broadcast the matter of a Carnegie library for Red Deer, and invited support for the suggestion. We trust some of our readers received the idea with favor and that in due time it will assume definite form. We should be glad to have some expression of opinion from readers of The News. Public libraries have a very distinctive relation to the best development of the people. They serve to carry on education, and education is at once the parent and guardian of liberty. Democracy without education means violence and selfishness, and with education it means self-control and social unity.

Hunting around Red Deer is not

excellent, we believe, anywhere in Alberta. When a hunter can go a mile to two miles from home, without a dog and with only a .22 for a weapon, and return each trip with a fair bag, it says much for the fact that game is plentiful in Central Alberta. All that the law allows has been secured within two miles of town a number of times during the past week.

Liberal rule in Alberta has reduced the theory that the people go over to the status of a myth and a fable. On the supposition that the people are likely at the next general election to express a provincial wide desire for a change of government, wise heads, grown grey in political controversies, are busy in Edmonton perfecting the Liberal machine with which to make the outcome of an election entirely independent of the will of the people. It is marvelous that honorable men, who are Liberals, do not see this and elect the party in the interests of honest politics, square elections and efficient business administration.

Nurseries Will Be Established in Red Deer

Tract of Land Has Been Purchased on Kanaka River for Vancouver Branch and Another on the Island for Victoria.

(News-Advertiser, Vancouver)
Mr. Mawson-Mattocks, the English landscape expert of London, was seen yesterday by a "News-Advertiser" representative at Glencoe Lodge, upon his return to the city from Victoria, where he has purchased a tract on the Wenatchee Ranch at Coble Hill for the Victoria end of the Red Deer nurseries. Yesterday he completed the purchase of land on the Kanaka River, upon which he will immediately establish the Vancouver end of the Red Deer Nursery business.

"This is my third trip to Canada," observed Mr. Mawson-Mattocks, "and we have endeavored to cover the country very thoroughly. At Red Deer my company is establishing its main nursery and greenhouse business. From Red Deer we will supply the material required for the prairie provinces. A month ago we located our greenhouses and nursery plant there, and the first units are now under construction immediately adjoining the eastern boundary of Verity Park. Our greenhouses here and for Victoria will be constructed and developed simultaneously with the parent plant at Red Deer, and will be on a large scale. We will produce flowers and early greenhouse goods for commercial and market purposes. In addition to this our greenhouses and nurseries will supply the material from which will be carried on the work of planning and developing public and private grounds, parks, gentlemen's estates, boulevards, etc., and from Winnipeg to Victoria we have already looked out land orders not only for laying out and designing private grounds, homes and estates, but also for town-planning and the development of parks, boulevards and grounds surrounding public buildings, institutions, etc., to engage our energies for some few years to come."

"Our Red Deer nurseries were fortunate in securing the location that we purchased on the Kanaka River," Mr. Mawson-Mattocks remarked in reply to another question. "We have there acquired acreage admirably adapted for greenhouses and nursery business, the property being well served, not only by the railway and electric train development now in progress, but also by what seems to us most wonderful, considering the youth of your province—I mean the highway and public thoroughfare system being constructed in this province by Sir Richard McBride."

"After looking round the whole of Alberta and Saskatchewan we decided that the climatic conditions and the general location of Red Deer was so central for the large cities of Alberta that it made a most admirable situation. The soil and climate combine to make it the best place for the growing of all kinds of trees and shrubs suitable for that part of the country. Another factor which influenced us in deciding upon Red Deer was because of

the railroad and general transportation development there, making it, we considered, the best distributing point from which to serve the district east of the Rocky Mountains. It appeared to us as the strongest mixed farming district in the West, and the district from which the local demand will continue to be the best."

Mr. Robert S. Helme, of Lanes-ter, England, one of the British Canadian Realty directors, is also in the city. Since his trip round the world in 1885 Mr. Helme has been a more or less frequent visitor to this continent. His wife, a Canadian, is the eldest daughter of the late Rev. Eberton R. Young, the famous missionary who opened up the Northwest House Missions upwards of forty years ago, and who did so much to advertise Canada throughout the world, and especially in Great Britain, both by his lectures and his books, dealing with his work among the North American Indians.

"We have made Red Deer the headquarters of our general development, not only for nursery and greenhouse purposes, but for industrial manufacturing as well," observed Mr. Helme. "We have chosen as our first industries a general foundry and implement manufacturing plant, and also a plant for manufacturing glass, which is a by-product of milk. Both these industries are being located on the land immediately adjoining Verity Park, at the suburban headquarters of Red Deer. They are industries that naturally belong to this agricultural district. The glass plant will be operated in concert with the International Glass Company, which has been so successful in England and Germany, the same people being largely financially interested with us in the Red Deer plant."

"The implement and foundry business will cater to a market and demand which we will not be able to satisfy in full. Other industries equally suitable to the peculiar circumstances of the district will be established from time to time."

Asked as to whether he and those associated with him were seeking real estate speculation and investment, Mr. Helme stated that in investments along these lines also were not, in his opinion, to the benefit of Canada to nearly the same extent as the acquiring of desirable territory and the immediate development of the lands acquired in a way to assist in the general advancement of the country, which he characterized as a lovely country so full of possibilities.

A GIGANTIC BABY

Lutzy Young French-Canadian Weighs As Much as Four or Five Average Children His Age

What is believed to be the biggest baby in the world for its age, within twenty miles of Ottawa, It is twenty-six months old and weighs 125 pounds. The baby has a younger brother only fourteen months old whose weight is nearly 70 pounds more parents are quite normal in physique.

The family are Old Country French named Mr. and Mrs. Paul Brea and their present residence is a house on the Borewick road, Hawthorn, a distance of about sixteen miles out of Ottawa where Mr. Brea is farming. They have been there about three years, having come from New France. The eldest child which bears the name of John, weighs a normal baby at birth, but grew rapidly. It was fed by the bottle and only developed its extraordinary growth since it was a year old. It is perfectly healthy, and has been so since birth, and very contented, requiring no more attention than the ordinary baby. It has always slept well, but can only walk with assistance, the weight of the body being too great for the legs. It is eating something nearly all the day, and before going to bed drinks a quart and a half of milk, and during the night a further pint of cold water. A baby carriage of ordinary dimensions cannot contain John, and in this direction a wheelbarrow comfortably fitted out, serves as an ideal substitute.

The parents are deeply attached to their bouncing babies, and have sternly rebuked several speculators who have made them offers to exhibit their children.

The measurements of John are interesting, being:
Chest, forty inches.
Tulch, twenty-three inches.
Biceps, eleven and a quarter inches.
Leg, below knee, thirteen inches.
Height, thirty-four and a half inches.

Question of Moral Reform and Liquor Traffic

To the Editor.
Dear Sir,—For man to be always drinking is not good for his health and his family. But as a writer remarked some time ago about the 'sales, I'm neither on one side of the scales or yet on the other.

There is a serious question facing the people of today—the White Slave Traffic. Let us have the moral reform by all means. Some form of prohibition by the way of a whipping or hangings for the despicable wretches who live on the degradation of the soul and body of the one purveying girl or virtuous woman—the terrible immorality arising from the various religious fanatics who have little or no connection with the liquor traffic. There are those who slide from the path of virtue who are sick enough to keep out of the white slave traffic. It is the pure and innocent who are lured and trapped, and it is up to us to protect them. It's very comforting to know that in the exceptionally clean town we have here, we might do a lot towards helping others less fortunate; and if we accomplish all the above reforms we shall have to one purveying girl or virtuous woman—the terrible immorality arising from the various religious fanatics who have little or no connection with the liquor traffic. There are those who slide from the path of virtue who are sick enough to keep out of the white slave traffic. It is the pure and innocent who are lured and trapped, and it is up to us to protect them. It's very comforting to know that in the exceptionally clean town we have here, we might do a lot towards helping others less fortunate; and if we accomplish all the above reforms we shall have to one purveying girl or virtuous woman—the terrible immorality arising from the various religious fanatics who have little or no connection with the liquor traffic. There are those who slide from the path of virtue who are sick enough to keep out of the white slave traffic. It is the pure and innocent who are lured and trapped, and it is up to us to protect them. It's very comforting to know that in the exceptionally clean town we have here, we might do a lot towards helping others less fortunate; and if we accomplish all the above reforms we shall have to one purveying girl or virtuous woman—the terrible immorality arising from the various religious fanatics who have little or no connection with the liquor traffic. Young Man It's Time To Buy That Overcoat !

Have you noticed those new style, fancy made Overcoats some of the young men are wearing. They came from McLean's, and we have one here for you that will fit and please you and save you money.

Whether you want your coat now or later, come in and let us show you what a good overcoat should be made of; should cost; and should look like.

OVERCOAT SPECIAL

The man in the street feels the bitter wind sweep round the corner, and watches it tearing the smoke from the big stack; and he tries to make himself believe that it isn't time to buy his overcoat YET.

He has the money in his pocket, but he likes to tease old Boreas, God of the north wind—which must make the old storm-king shake with Olympic laughter.

Either one or all of three things happen to the man; first, he gets a cold; second, he gets the name of being a poor spender; and third, he gets an ordinary looking overcoat in the long run, because all the good stocks have been picked over.

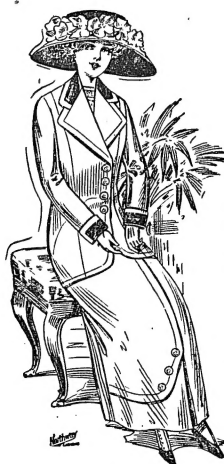

GENTLEMEN READ THIS

We have just received a large shipment of Men's Overcoats direct from the factory—the very newest and best made.

These were bought by our Mr. R. C. McLean, who is still in the east buying.

We are offering for Saturday only—25 coats, regular \$15 and \$18, for \$12.50. It will pay you to see our line before buying elsewhere.

We have over four hundred coats to select from.

Red Deer's Finest Collection Of WOMEN'S READY-TO-WEAR APPAREL

True elegance, individuality of styles and perfection of workmanship, marks every garment in our collection. It embraces exclusive novelties from the far famed foreign designers, and a magnificent collection of New York models.

The women of taste, the woman who practices economy and the woman who appreciates correct style, and is a devotee of Fashion, will readily recognize in this large and select assemblage of Fashionable apparel, opportunities to buy, that are most pleasing from every point of view. Everything is at its best, and the varied tastes are readily satisfied.

COATS, new, distinctive and original, that commend themselves to those who are not satisfied with commonplace styles, and who desire exclusiveness and correctness in a large degree.

SUITS that are more than ordinarily attractive, distinctive, refined and becoming, and in quality and style justifies much more than the prices asked.

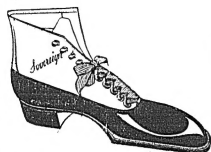

MCLEAN'S MILLINERY

Black Velvet and Plush predominate in the Autumn Hats. But all the other seasonable materials and colors are to be found in our Magnificent Showing.

The Lady who wants a pretty hat, or a moderate priced street hat, will easily find it among our many correct styles.

SEE OUR SHOE BARGAINS

We have a particular fine range of Shoes on view for Fall Wear. These are all this season's goods, new shapes and styles, predominate.

MCLEAN BROS.

NERVOUS, LIFELESS DEBILITATED MEN

YOUNG MEN AND MIDDLE-AGED MEN,

the victims of early indulgence and later excesses, who are failures in life—who are the ones who can neither to maintain nor revive the spark of energy and vitality. Don't give up! In regular technique you have treated with other doctors, used electric belts and tried various drug and poison treatments.

Our New Method Treatment has snatched hundreds from the hands of doctors, has restored happiness to hundreds of homes and has successfully cured of those who were "down and out." We prescribe specific remedies for each individual case occurring in the symptoms and complications—we have no "one size fits all" treatment. We have made our wonderful success as our treatment cannot fail, for we prescribe treatment adapted to each individual case. Only curable cases accepted. We have done business throughout Canada for over 20 years.

CURABLE CASES GUARANTEED OR NO PAY

READER:

Are you a victim? Have you lost to "GAMBLING"? Are you intending to hurry? Has your blood been poisoned? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for a honest opinion. Free of Charge. Books, Free—"Hoyland, Macdonald, Fatherhood." (Illustrated on flaps of text)

NO NAMES USED WITHOUT WRITTEN CONSENT. No names on boxes or orders. Everything Confidential. Question List and Cost of Treatment Free for HOME. THE TRIANGLE

TRUSSES THAT FIT PERFECTLY

Depend upon our Truss Department to fit you perfectly with trusses that will hold their shape, wear well and give maximum service. We carry a complete line of trusses of every size and shape—spring, elastic, leather steel and hard rubber, with either leather pads or patent non-collapsible pads which take the place of the old style useless water pads. If yours is a particular case, we will be glad to see you. Ask for
Solid Comfort Truss with Flexo Pad

WATCH

MUCH LESS defective eyesight would exist if the children's eyes were looked after in their early days. Watch the kiddie's eyes! At the least sign of pain, blurring, or any complaint, no matter how small, bring the child here and let us examine them. It may save your child a lifetime of misery, and you have the satisfaction of knowing the exact state of your youngster's eyes.

LOCAL AND GENERAL

Ha, you ought to get that framed! Red Deer West is a profit-making property.
The Orange Lodge meets on Tuesday, the 15th, at 7 p.m. sharp.
Ice cream and candy for sale at the Hospital Stampe.
Red Deer West is making money for others—why not you.
Mrs. W. B. Galbraith has gone to visit relatives and friends in Toronto.
Mrs. J. McLean has gone on a three months trip to Smith's Falls, Ont.
G. T. Somers, President of Toronto Board of Trade, was in town at the Alberia Hotel Monday night last.
Oscar Ware, who is down with typhoid fever, is, we are glad to state, doing as well as could be expected.
Have you seen the new shawl collar overcoat that are featuring? Come in and look them over.—Hewitt & Fulton's.
W. J. Stringer is happy, as he completed all his stacking before the rain, by working night and day. There considerable grain yet unstacked through the country.
Bibles, Methodist and Presbyterian Hymnals, Canadian Hymnal, Sacred Songs and Solos, Alexander Hymn Book, and music books at John McLean's bookstore.
The Orangemen of Penhold district are organizing an Orange Lodge on the 25th of October, and they in all the members of the order in Red Deer to attend the first meeting.
Mike Reidy was appointed caretaker of the new Town Hall last week at a salary of \$80 per month. He will also act as special constable around the building when necessity calls.
Mr. and Mrs. Wm. Hewson are in Hamilton, Ont., where they were called some time ago owing to the illness of Mr. Hewson's father. The old gentleman has since died, we understand.
Mr. and Mrs. W. P. McCall leave for Lethbridge in a few days to take up their home in that city. Mr. McCall will travel for the Gaetz Manufacturing Co. in the south end of the province.
H. W. and P. W. Snell, of Red Deer, have bought out the stock in the Gaetz Ferry Point Trading Co., Ferry Point, Alta., and are running the business as Snell Bros. H. W. Snell was in town Saturday buying dry goods.
H. B. Lowden received word of the death of his father, Robert Lowden, on Monday last. The deceased gentleman lived at Hamilton, Ont., and was well known to many people in Red Deer. The funeral took place on Sept. 30th.
The Ladies' Auxiliary of St. Luke's church will hold a ten cent even, a pair of work, one unit, and a cooking at the home of Mrs. A. Welton, Nanton Avenue, near the corner of 4th Street North, on the afternoon of Thursday, October 17, from 3 to 6. Children's clothing a specialty.
It is understood that the Brazeau Collieries Co., Ltd., will establish their headquarters and transfer yards at Red Deer. Red Deer's location will afford the proper railway facilities connecting with the company's line to the coal fields. Mr. Kild is to be manager, and Mr. Perry is to have charge of the office.
S. Maddison, Mrs. Maddison and two children, of Vancouver, are spending a short time with Mr. and Mrs. T. A. Gaetz. Mr. Maddison is superintendent of Vancouver water works, a very busy man, and is taking a well earned rest. Mrs. Maddison is one of Red Deer's old timers, having been Miss Saint in those days.
Chicken shooting around Red Deer has been excellent and all the law allows has been the good luck of many of the hunters during the past week. One does not have to go out from town more than a mile to excellent hunting. A dog of any kind and a stroll through the ridges where the poplars are tall and a good bag is a sure thing, if the hunter can shoot straight.
The ladies of Balmoral will hold a Thanksgiving supper on Monday evening, Oct. 21st, at the residence of William Jenkins. There will be a photograph and other music besides a good programme. There will be turkey, chicken, duck and other meats served, and everything for which Balmoral suppers are now famous. Everybody welcome. A grand time is expected. Admission 50 cents, children 25 cents.
The Farmers' Co-operative Co., Ltd., have purchased from the Alberta Grain company the elevator on the C.P.R. track between the Cock-shut Floor company's warehouse and the warehouse of the Massey-Harris company. The price paid was \$3,750. The amount of grain handled by the elevator in the past two or three years has not made the operation of the elevator a paying concern, but the Farmers' Co-operative company have a large following and are likely to do a splendid business.
The services in the Presbyterian Church next Sunday promise to be of special interest and profit. The occasion is the anniversary. The preacher will be the Rev. Wm. Shearer, the new Supt. of Home Missions. The service of praise will be specially prepared. On Monday evening the supper in the new hall will be worth twice the cost, while the choir and some of their friends promise an excellent concert.

You'll like Red Deer West—ask the people who live there.

High Grade Heating Stoves

Of course you want a heating stove to save fuel, to hold fire overnight and all that sort of thing, but the most important thing is that they heat the room properly and that they are built so they will last.

We don't have to sell our stoves on the claim of fuel saving alone. In the first place most people don't keep any record of the fuel burnt so that a far away catalogue house is pretty safe in making exaggerated claims in this direction.

guarantee (?) covers. So when you get right down to the bottom, what are their claims of guarantees but a clever ruse to get your order?

We are right here where we have to make good what we claim; compare the sizes of our stoves, the weights, and you will find we give you fully as much for your money, to say nothing of seeing what you get of delivering your stove the day you order it and saving you freight charges.

There is a good deal of difference between a guarantee covering 'defective workmanship' and our guarantee of perfect satisfaction. We are willing to leave the decision to your judgment, but we want you to see our stoves and make the comparison before you buy.

It Will Pay Both of Us

The Day Hardware Co.

WE STAND FOR PROGRESS

Not Many People Can Afford Not to Own Their Own Homes

If no Home could be bought except for all cash, not many people could afford to own their own Homes.

But with Homes selling on practically renting terms, not many people can afford NOT TO OWN THEIR OWN HOMES.

If you've been thrifty enough to save the amount of the little cash payment needed—or can manage to secure it—the rest is easy.

There's nothing hard about buying one of these cosy homes we have except the resolve to DO IT NOW.

Can you make that resolve?

DISPERSION SALE

OF OVER 70 HEAD OF PUREBRED

HOLSTEIN-FRIESIAN CATTLE!

To be held at New Cattle Barn, RED DEER at the EXHIBITION GROUNDS

Wednesday, Oct. 16, 1912

Including our Champion Prize Winning Herd headed by Sir Pieterje of Riverside, 20 choicely bred bulls, 50 females, all under 6 years of age.

The foundation stock of this herd was carefully selected from several of the leading Holstein herds of Ontario, and consist of a combination of several of the leading families of the breed and are sired by such noted sires as "Johanna Rose 3th's Lad," "Agnes Grace," "Cornelia Lad," "Prince Dekol Posch," "Sir Johanna Fusch Deboner," "King Johanna Pontine Kornlyke," and others.

Write for catalogues which are ready to hand.

Come and look over the stock before the sale at the Exhibition Grounds day previous to sale.
